

Sermon Notes & Reflections

God's Story Through Us

As Christians, we are all on a journey in our faith that we can call following Jesus. Following Jesus is about a life-long discipleship process of learning the truth of God's word and applying that truth to our lives. Today we celebrate with our 6th, 8th, 10th, and 12th grade students who have been on this journey of faith. This last week they gave their testimonies of how God's Story has been working in their lives and how they are applying it to life today. We are all disciples following Jesus. What does following Jesus mean to you? How does God's story transform your life?
